**Subject:** Thank you

John,

It was so good of you to deliver the table this last weekend and to spend so much time moving the other one. What a day! I can't tell you how much we appreciated all that you did. It was great to meet your wife and get better acquainted. We hope the rest of your weekend was enjoyable.

Here's a testimonial that you most welcome to use. Thanks again for a terrific job!

What a truly wonderful job you did restoring our antique oak dining room table. As you know, the table has been in our family since about 1900. We have so many great memories of family meals at the table, as well as games of Scrabble and Monopoly. The years had taken their toll on the finish; we were so impressed with your ability to clean and refinish while keeping the patina. Truly a superb job! Many thanks.
